

25 April craft: Peter heals a man who can't walk.

Peter said to the man, look at me! I don't have any silver or gold to give you, but I do have something special for you! by the power of Jesus of Nazareth, get up and walk!

And he got hold of the man's hand and pulled him up. And he found that he could walk! And jump! And dance! He shouted thank you to God!

Make a dancing man:

Take a sheet of paper and roll it up. Use Sellotape to make a tube. Now do 3 more. these are his arms and legs.

Make a shorter fatter one for his body.

Use string to join them all together.

Take a piece of card and draw round your hands and feet. Cut them out and stick them on.

Draw his face on another piece of card. Stick it onto his body with sellotape.

Make a hole in the top of his head and push an elastic band through it. thread it through so it doesn't pull out.

Now make him dance!
